PREMIUM DRILL PIPE SOLUTIONS FOR AMERICAN ENERGY

BUILT FOR EXTREME TORQUE & HEAVY DUTY DRILLING

Turtle Mountain USA provides premium drill pipe and heavy weight drill pipe solutions for drilling operations across the United States. As a small family owned and operated company, we take pride in supplying dependable, USA-built products backed by responsive service and industry experience.

USA-SOURCED PREMIUM TUBULARS

HWDP SERIES

Heavy Weight Drill Pipe

Durable HWDP solutions designed to provide weight, stability, and performance within the drill string. Transitional member reduces fatigue failure.

HIGH TORQUE PROFILE

Delta™ Connections

High-performance rotary-shouldered connections engineered for higher torque, easier handling, improved fatigue resistance, and lower TCO.

COMMAND TUBULAR

CET Connections

Command Enhanced Torque Connection — our highest torque connection for your toughest challenges. Fastest make-up and deepest stabbing.
